## SUMMARY

Full-stack web developer with two years of brand agency experience looking to bring well-designed websites to life. Recently earned a certificate in full stack development from the Vanderbilt University coding bootcamp with newly-developed skills in JavaScript, CSS, and React.js.

Passionate about developing optimized mobile-first websites for new and existing companies to build their presence on the web. On recent projects, I worked within a team to build a travel web app to help travelers find hotels and flights in one search. I look forward to contributing my skills to a fast-paced, collaborative team.
